Schools provide students with free instruction to fulfil the standard Victorian curriculum requirements and we want to assure you that all standard curriculum contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support. This will make a huge difference to our school and the programs we can offer.

Within our school, this support has allowed us to:

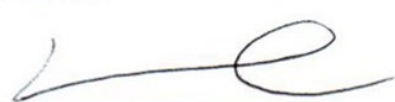

- Provide each student with the same laptop with pre-loaded software for the smooth transition of the school curriculum.
- IT Support Staff to support enhanced digital learning opportunities
- Improved WiFi, internet and online communication avenues
- A wider offering of elective subjects and additional curriculum needs
- The upgrade of the school Performing Arts Auditorium
- The upgrade of the school Sports Stadium
- Improved gender-neutral facilities
- Upgrade to the Library Loan System
- Additional Sunsafe facilities

For further information on the Department's Parent Payment Policy, please see a one-page overview attached.

Yours sincerely,

Glen Donald
Principal
