

Application to Study a VCE Subject in 2021

Please read this flow chart carefully so that you understand the process that is required to study a VCE subject for 2021. We advise you to consider all of your subject selections very carefully, as your commitment to **studying a VCE subject in 2021 is very different to that of a non-VCE subject.**

There are many staff involved in ensuring that the subjects you choose are the right fit for you. We consider several different factors when granting your request, such as:

- Your academic record
- Your attendance record
- Your effort and behaviour indicators from Learning Assessments
- Your Learning Assessment submission rates
- Your level of participation in school based activities
- Your capacity to deal with interruptions and to manage a 'heavy' study load
- Advice from your current and previous teachers (see below)

You must consult the following classroom teacher about your desire to study a VCE subject. They must agree that you are a suitable candidate to study a VCE subject. This will be followed up and confirmed.

VCE Subject	Classroom Teacher Signature Required
VCE Biology	Science teacher
VCE Psychology	Science teacher
VCE Health & Human Development	Health & PE teacher or Foods teacher
VCE Physical Education	Health & PE teacher
VCE Business Management	Humanities teacher

NOTE: Submission of this form **does not** confirm a place in a VCE subject. Students will be reviewed on their level of eligibility and commitment to this accelerated course. Once all factors are taken into consideration then confirmation and offer of placement will occur. All students **must select a mainstream Yr10 Subject Selection** in addition to this expression of interest outlining additional elective choices which will be used in the event this request is not accepted.
